Hudson's New Luxury The Touring Sedan - For All Seasons

This latest Hudson conception will meet the desires of thousands. A Touring Car when the windows are down. Fixed top, open sides, unobstructed view. Not a sash or a brace in the way.

With the windows raised, a luxurious Sedan. And the change can be made in a minute. Women will find here all the elegance of the finest electric brougham. All will find in this one model a car for winter or summer, for touring or for town.

Other Closed Hudsons—Nothing Too Fine

For years Hudson designers have centered largely on bodies. That is, since they finished the new-type Hudson, which has won leading place among fine cars. We determined then to lead in body-building, too, particularly in luxurious closed bodies.

We brought to our aid coach builders of international repute. Our own designers worked out scores of conveniences.

Now Hudson closed bodies stand out as artistic masterpieces. A glance shows

their distinction. The details reveal a hundred pleasing surprises. Closed car luxury is here brought to its climax. Yet note Hudson prices. They will bring these envied comforts into ten-fold wider Hudson dealers now have

closed models on show. We urge early selection because all Hudson models are in over-demand this season. For full descriptions write for
